RUTHERFORD AND SEVEN OTHER MEMBERS OF THE INTERNATIONAL BIBLE STUDENTS ASSOCIATION, WHO WERE FOUND GUILTY OF VIOLATION OF THE ESPIONAGE ACT, WAS ORDERED TODAY IN AN OPINION OF THE UNITED STATES CIRCUIT COURT OF APPEALS HERE. CROSS NATION AIR FLIGHT

OKLAHOMA CITY, OKLA., May 15.—The last of the squadron of five De Havilland airplanes, making a cross-country flight from Dallas, Texas, to Boston, Massachusetts, landed at Woodward Field, here, at 1:15 p. m., accomplishing the first leg of the journey in approximately two hours. Colonel H. D. Cargill, commanding the squadron, landed first.

GERMAN EDITOR DEAD

ANN ARBOR, O., May 15.—William W. Smith, county liquor license collector, for many years editor of the "Democrat," German semi-weekly, died here today of pneumonia.

Somebody across the way says the strong language used during the war was more or less necessary. They say it's about time the American Red Cross Society...

TREPASSEY, May 15.—The American seaplanes were getting ready at 5 p. m. for their hop off on the trans-Atlantic flight to the Azores. The start was expected at any moment. Commander Towers announced after a conference this afternoon with his trans-Atlantic flight colleagues, that reports of weather conditions on the eastward end of the course to the Azores "were not highly favorable."

The two seaplanes, which are to undertake the flight, the NC-1 and NC-3, were all in readiness this afternoon. They were brought to the stern of the Aronstol, mother ship, to permit the heating of their lubrication mechanism from the naval vessel's steam pipes, in preparation for a take off.

ST. JOHNS, May 15.—Although reports received here indicated that the American naval seaplanes might start this evening on their trans-Atlantic flight, Hawker and Bagshaw, the British fliers, announced that unfavorable weather would prevent their "hop off" today.

TRIES IT AGAIN
HALIFAX, May 15.—The Austrian navy seaplane NC-4 after leaving Halifax this morning for Trepassy, N. F., descended at Musquodouit Harbor, owing to engine trouble, but resumed her flight at 11:17 a. m. (New York time.)

The plane's trouble, according to a wireless message received by the tender Baltimore, was with the oil lines. A little more than two hours work restored the mechanism to operating order.

CONDITIONS UNFAVORABLE

WASHINGTON, D. C., May 15.—First reports furnished Commander John H. Towers, at Trepassy Bay, today showed poor weather conditions for beginning the flight across the Atlantic.

"Variable and fresh winds, strong south and southwest over each part of course. Clouds, rain squalls and poor visibility" was the forecast sent from Washington on the basis of data furnished by the destroyers and other station ships on the course to the Azores.

WASHINGTON, D. C., May 15.—Commander A. C. Read, "skipper" of the NC-1, reported to the navy department this afternoon that while forced to land to repair gas and oil lines on his plane, he did not return to Halifax. He said he left Halifax at 8:52 a. m. (Washington time), landed at Stoney Head at 9:23 a. m. and resumed the flight to Trepassy at 11:17 a. m.

ST. JOHNS, May 15.—The American naval dirigible C-5, scheduled for a possible non-stop flight from this port to the British Isles, arrived here today after a day and night cruise from Montauk Point, New York. The balloon had been in the air 21 hours and 15 minutes.

The C-5 reached the Quidi Vidi anchorage at 10:15 p. m. (9:15 a. m. New York). The start from Montauk Point was made at 8 a. m. yesterday.

OFF FOR HALIFAX

HALIFAX, N. S., May 15.—The American naval seaplane NC-1 left today for Trepassy, New Foundland, to join the NC-3 and NC-4 for the trans-Atlantic flight.

The craft took the air at 10:05 a. m. (9:05 New York time), after circling over the city.

NC-1 TURNS BACK

HALIFAX, May 15.—The NC-1 returned here at 11:15 a. m. (10:15 New York time).

MAY START TODAY

TREPASSEY, N. F., May 15.—Commander John H. Towers, chief of the American seaplane division, announced today that the NC-1 and NC-3 might start before midnight for the Azores.

The commander stated that if the NC-1 left Trepassy 12 hours later than her sister planes she would be able to make the flight to Lisbon in their company. The trans-Atlantic voyage could not be delayed much longer, he said, because the destroyers in the

The balloon has successfully made the first leg of the flight from Montauk, L. I., to St. John's, Newfoundland, a distance of 1,200 miles. If the balloon takes the route chosen for the

DOCTOR LOW AN OUGHTER HAD NO SENSE DAN T. RECK IN DAY HOLLER LAUG EN TAKE HOL O' DAY COON LAS' NIGHT, BUT AH DIDN' TAKE HOL O' ME THE YOR HOL O' ME

BERLIN, Wednesday, May 14.—Count Von Brockdorf-Banzon, the head of the German peace delegation, in communicating to the other members of the delegation the text of the three notes, he sent to Premier Clemenceau, pointed out that the peace treaty in its present form could not be signed because it was impossible to fulfill its terms.

(BY THE ASSOCIATED PRESS)

Germany has met with another rebuff from the council of four of the peace conference in the effort her plenipotentiaries at Versailles are making to secure alterations in the peace treaty by setting forth objections in a series of notes.

The council has refused to consider the note sent by the Germans regarding international labor legislation and in a lengthy note states the reasons why such consideration is not given. The council's belief that the terms of the treaty meet the objects of the Germans' protest to desire is set forth, and the defects in the German plan are pointed out. Vigorous measures that will be an immediate result of a refusal of the Germans to sign the peace treaty have been planned by the council.

Marshal Foch, commander in chief of the allied armies, is on the Rhine front and dispatches state that he will take such action as is necessary in the event of the failure of the enemy to sign the treaty. An immediate economic blockade of Germany also is planned as a part of the program in case continued hostile action against the enemy is considered necessary.

DELAY IN AUSTRIAN TREATY

PARIS, May 15.—The failure of the Hungarian government to respond to the invitation to send delegates to France to receive peace terms and the general uncertainty of Hungarian conditions probably will delay the Austrian peace negotiations.

The problems relating to Austria and Hungary overlap so greatly that the allies feel that many phases of them must be considered jointly. Professor Philip C. Brown, an attaché of the American embassy in Vienna, who has been in Budapest recently, arrived today from Hungary bringing unsatisfactory reports of the general situation.

THREE MORE NOTES

BERLIN, Wednesday, May 14.—(By The Associated Press)—Count Von Brockdorf-Banzon, head of the German peace mission at Versailles, handed to M. Clemenceau, president of the peace conference yesterday, three notes, one of which deals with the economic aspect of the peace terms and the effect they will have on Germany. It is pointed out in this note that Germany is no longer a belligerent state and cannot bear more than forty million people.

The economic terms of the peace treaty with their restriction of trade and other factors which are involved means, the note says, that "many millions of people in Germany will perish, all the more quickly as the nation's health is already broken by the blockade."

The note points out that Germany in two generations has passed from an Agrarian to an industrial state. As an Agrarian state, it could feed 10 million persons and as an industrial country, it was able to provide food for sixty million. The note declares, before the war, it is said, 15,000,000 Germans were dependent for their living upon foreign trade, shipping and foreign raw materials. The note proposes to indicate in detail how the peace conditions would produce economic paralysis, destroy German industry and make it impossible to provide food and fuel for millions of people who would be obliged to emigrate or perish.

No relief work, however, large its scale, or however long in duration, could prevent wholesale loss of life, the note says.

"The peace terms," the note continues, "would demand of Germany several times as many victims as did the war. There have been nearly a million victims of the blockade."

MESSAGE TO BE SHORT

PARIS, May 15.—President Wilson has advised the cable companies that the message to the forthcoming special session of congress will not be more than a few hundred words, including it to be rushed probably on the day of delivery.

DESTROY TO CONSIDER IT

PARIS, Wednesday, May 14.—The council of four has decided to consider the note from Count Von Brockdorf-Banzon, chief of the German peace mission, relative to international labor legislation, today, May 15. The council, president of the peace conference, says that the allied opinion that their decision gives satisfaction to the anxiety which the German delegates profess for social justice, and hence the realization of reforms which the working classes have more than ever a right to expect after the cruel trial to which the world has been subjected during the last five years.

MILD BEER BREWING ILLEGAL

WASHINGTON, D. C., MAY 15.—AN OPINION TO THE EFFECT THAT THE BREWING OF BEER CONTAINING 2.34 PERCENT ALCOHOL IS ILLEGAL, HAS BEEN GIVEN BY ATTORNEY GENERAL PALMER TO INTERNAL REVENUE COMMISSIONER ROOPER, BUT IT WOULD NOT OPERATE TO STOP THE MANUFACTURE OF THIS BEER FURNISHING A DECISION BY THE FEDERAL DISTRICT COURT OF NEW YORK IN A CASE NOW UNDER CONSIDERATION.

The internal revenue bureau asked for an opinion as to the sale of revenue stamps for beer containing one-half of one percent of alcohol and more, making of which the internal revenue bureau has held to be prohibited.

The beer manufacturing situation is complicated by the fact that the revenue collecting aspect is distinct from that of whether manufacture is the sale under the food control measure and legislative reforms. Internal Revenue Commissioner Rooper had the attorney's general's opinion under consideration, but declined to state finally what action he might take under it.

FOSDICK TO REPRESENT AMERICA IN LEAGUE

WASHINGTON, D. C., MAY 15.—RAYMOND B. FOSDICK, A NEW YORK LAWYER, WHO WAS CHAIRMAN OF THE COMMISSION ON TRAINING CAMP ACTIVITIES DURING THE WAR, WILL BE ONE OF THE PERMANENT AMERICAN OFFICIALS IN THE LEAGUE OF NATIONS WHEN THE LEAGUE IS ORGANIZED. THE EXACT POSITION TO WHICH MR. FOSDICK WILL BE APPOINTED, WAS NOT KNOWN TODAY IN WASHINGTON.

Mr. Fosdick is 30 years old. His house formerly was in Buffalo, New York, where his father is an educator. He first came into public notice some ten years ago, when soon after being graduated from Princeton, and taking a post graduate course at the New York Law School, he began practicing law in New York and became connected with Mayor Gaynor's administration as assistant corporation counsel. A little later he became counsel of accounts and the investigations he conducted into municipal affairs attracted country-wide attention.

During 1913, Mr. Fosdick worked in Europe investigating police systems for the Rockefeller bureau of social hygiene. He was offered public office again at the beginning of President Wilson's administration, but declined. When the United States entered the war, he took the chairmanship of the commission on training camp activities, serving without pay. The work was broadened into the business of providing wholesome recreation and relaxation for the troops in the field, and in pursuing it, Mr. Fosdick has spent a great deal of time in Europe during the last two years. President Wilson, it is known to Mr. Fosdick's friends, regards his qualities highly. At present Mr. Fosdick is in the west, but is expected in Washington early next week.

Thirteenth-Century Costumes. There was very little difference in the dress of the noble and working classes, writes Mollie Stone, in "The Thirteenth Century Costume Book for Children," referring to women's dress in the thirteenth century. Working women sometimes wore hoods, and a simple white dress to have been in one piece and knitted on one side of the head, having long, hanging ends. Young girls wore hose, or had the head covered with a small piece of stuff, the hair being rolled up into perfect knots over the ears, and the corners of the stuff twisted over long, hiding the hair. Tunic were long, but were often turned up at the bottom for about eight inches, fastened at intervals with some sort of pin, and showing a short under-tunic (probably this was an under-tunic, but a petticoat will do as well). Sometimes the tunic was turned back over the knees. Shoes would be like the men's.

Uncle Eben. "The men don't make 'em a little happier for some one," said Uncle Eben, "is don't a man no' dan do better der measures success by wearin' fine clothes and actin' bossy."

Wherever Men Meet

Now that the war is over style has stepped back into its original dominating position among men, clothes are the first step in reconstruction. Every man who has served his country in uniform must now serve business interests and, to do so successfully, clothes of a manly, correct and straight-up character must be worn.

We have selected our lines of ready-to-wear suits for men and boys with special care, and you'll agree, we think, with marked success. You can pick a suit with utmost confidence that its style, and that its service will meet every demand. If clothes thoughts are running through your mind we ask you to see us—we'll take care of your clothing needs to your satisfaction and ours.

TOKIO, May 15.—(By the Associated Press)—The price council met today under the presidency of the emperor and decided upon a partial revision of the organic system of the Korean government.

World's Urgent Need. The state will be saved if the Lord puts it into the heart of the average man so to shape his life that the state shall be worth saving, and only on those terms. We need elite righteousness.—Theodore Roosevelt.

Some of reigning monarchs are getting scarce in Europe that it will not be easy for Italy's royal mama to find one for each of her charming daughters.

SIX DROWN WHEN BOAT GOES DOWN

PORTSMOUTH, N. H., May 15.—Six persons including the captain and five others, and the engine, were drowned when the coal tug "L. A. North," owned by the Portsmouth Transportation Company, of New York, sank off the Isles of Shoals, early today. Captain William Gray and Alfred McLaughlin, deck hands, were picked up by the coast guard at this time after they had drifted about in a small boat for several hours. They are the only survivors.

PITTSBURGH STREET CARS ARE TIED UP

PITTSBURGH, PA., May 15.—Pittsburgh's street railway system was tied up at midnight last night by a strike of motormen and conductors. The men walked out when they failed to reach an agreement with the owners of the Pittsburgh Railway Company on the question of submitting a wage dispute to the War Labor Board. Approximately 2000 motormen, conductors and other workers are affected by the strike.

The men demanded a 12 cent an hour increase in pay, and that the question be left to the decision of the War Labor Board. The federal court, which has jurisdiction over the railway, recently ruled that the dispute could be submitted to the War Labor Board but that the strikers were not free to strike by the decision. The latter point being a demand of the men, they struck at midnight.

Ruth, daughter of Mr. and Mrs. Earl Brando, of 614 E. 14th street, who has been ill with indigestion and constipation, is better.

fish trap in his possession was given a hearing in Judge J. P. Jackson's court at Painesville Wednesday and was fined \$25 after the hearing of evidence.

More at the time of his arrest obtained the traps were animal traps used in catching muskrat and mink. Ray Verlin of the attorney general's office was special counsel present representing the state with Attorney C. E. Beckley of West Union defended Moore. John H. Stofa, deputy game protector of Adams county who made the arrest was the prosecuting witness.

You might just as well expect an automobile to run without gas as to expect a person to work well with a weak stomach. Your digestion furnishes the nourishment upon which you run the machine called your body. Let the food digest properly, and every part of your system has the supplies to keep it in perfect working order. But when indigestion comes on, the blood is polluted with fermentations that weaken every organ. Soon you have headaches, because this bad blood affects the brain. Backache follows. You get up in the morning after a restless night as tired as when you went to bed.

You drag along all day, driving the machine by will power until you have to quit with rheumatism, kidney trouble, or some other serious breakdown—and all because you didn't find the right treatment for the indigestion.

Years ago Dr. George B. Parker had hundreds of such cases, and worked to develop a remedy that he could depend on. When he found it, and proved it by thousands of such cases, he put it on the market. Today for \$1 you can obtain a box of Dr. Parker's Treatment for Indigestion and Constipation that is guaranteed to relieve you or your money will be returned.

Right here, in this town, are many people who have found it to be all it is represented, and who tell their sick friends about it. Maybe you know some one who has found health through this treatment. If not, try it entirely at our risk. You will be wonderfully pleased with the results. Stop at your drug store and get a box today. There is no need of your suffering any more.

Prepared and guaranteed by Geo. B. Parker, M. D., Athens, O.

Sold by Webster Bros. Pharmacy, Fish Lake, Stearns Pharmacy, Miller Bros. Store, Kyles Drug Store, Broadway Pharmacy, Flood & Baker Pharmacy, Fidelity Pharmacy, Jones Pharmacy and Fidelity Pharmacy.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt—Stayed Home and Gained 22 Pounds.

"In November, 1911, I had a severe cold and a grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I could not sleep and I finally had to give up my job as street car motorman. In April, 1912, I began to change climate. In April, 1913, I began to feel better. I had used 25 bottles, have increased 22 pounds in weight, and believe I am permanently cured."—W. F. Hamilton, Route 5, Wolf City, Texas.

GOVERNMENT CARES FOR SICK SOLDIERS

Requests for the discharge of many soldiers suffering from tuberculosis continue to come to the American Red Cross from the families of these soldiers. It is not known to many of them that the government is conducting sanatoriums for these men. Especially equipped hospitals in health-

giving climates have been erected where doctors, who are tuberculosis specialists, take care of the men. Occupational work is also carried on for the men who will not be able to resume their old jobs.

It is necessary for the recovery of these men that their families encourage them to accept the care

and treatment offered by the government, and for this reason the Red Cross is assisting the families and doing all that they can to make it possible for home conditions to encourage the men to get well. The local Home Service department is located in the First National Bank building, Room 71.

ELKS WILL TAKE CHARGE OF DRIVE TO BE STAGED BY SALVATION ARMY

The Portsmouth Lodge of Elks No. 214 at a specially attended meeting Wednesday night named a committee to take charge of the drive the Salvation Army will stage in this city in a few days.

Seven thousand dollars will be raised for this organization, which will be added to their Home Service Fund. The committee that will look after all details of the drive includes A. S. Turner, J. P. Williams, Russell Becker, Joe Kerrigan and Will P. Minero. In view of the wonderful work the Salvation Army did "Over There" it is not believed that much difficulty should be encountered in raising this sum.

The Elks also decided to make extensive improvements to their home, which will be moved to the second floor and the card and billiard rooms to the third floor. The big sun porch is also to be beautified and when the improvements are completed the Elks will have cozy and comfortable quarters. This work is to be done under the supervision of Executive Ruler Sidney J. Anderson and the board of governors.

Five candidates were initiated last night. Ex-Sheriff E. W. Smith, Chief of Police Harry Clark, Charles Somers, Lie White, Frank Morris and Frank C. Belmont. These candidates were elected to membership: W. L. Johnson, Newton Hill, J. I. Marsh, James Alphonso, D. A. Alphonso, Blanchard Anderson, Gilbert Kendall, H. H. Winter and Gus Hoerner. Another big batch of applications was presented. The lodge is looking on having 300 members by January 1, 1920.

A charity ball will be held next December and it is expected to be the largest affair of the kind ever held in the city. The committee on arrangements includes Lester Goodman, Arnold Schapiro, Charles Brooks, George M. Taylor and K. W. Youngwall.

Coils Taken From Car

When Comedian Thomas Burr of New Boston found his stolen Ford machine Wednesday afternoon in this city, the coils were missing from the tool box. The thief or thieves took the coils and overhauled 1918 in the car.

That were valued at four times as much as the coils. Marshall W. L. Davis and Deputy Frank White have returned from Manchester where they went to look for the machine, stolen from the vicinity of Middlebrook, just yesterday night.

Mrs. Susa Brooks, of Grandin, Mo., says: "Some time ago I was in a bad fix, with stomach and liver trouble. I did not feel good at any time. I can highly recommend Black-Draught as a splendid medicine for stomach and liver troubles." PENNY ANTE

Will Play Camp Team

HUNTINGTON, May 15.—The all star Camp Sherman Soldier team will be the attraction for Saturday and Sunday at league park. The Sherman club is the strongest organization that has ever represented the Buckeye camp, being even better than the team that Benny Kauf brought here last season. The Chillicothe camp has a home hall league with eighteen teams in the circuit and the team that comes here Sunday will be the star players out of the league.

MAY SHAKE UP BATTING ORDER

Unless the present line-up of the Reds starts right in hitting, there is to be a shake-up. Several double plays have been worked against the Reds that could not have happened if the batsmen had gone to first at top speed, and at least two lost games can be charged to that sort of stuff. LEWIS TO ASSIST JACK DEMPSEY

TOLEDO, May 15.—Jack Dempsey, heavy-weight challenger, is expected to arrive here from Chicago tonight, and will immediately take up the task of conditioning himself for his battle with Jess Willard in this city, July 4. Dempsey and his manager, Jack Kearns, have been dickering with Ed (Strangler) Lewis, who is wanted in the training group to show Jack how to use his shoulders and elbows. Dempsey evidently expects the champion to hold on or "rough" things in the clinches.
